

Panel 1: The Accidental Catalyst

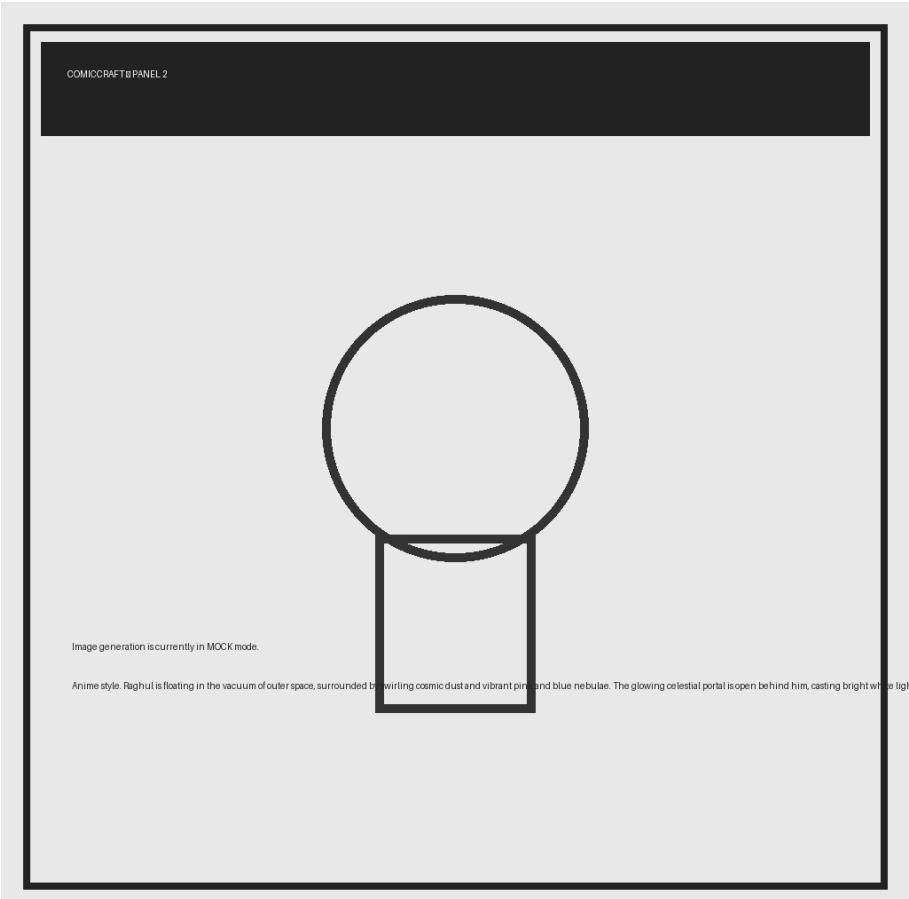

In an orbital workshop floating in outer space, the young apprentice alchemist Raghul accidentally drops a glowing cosmic potion onto an ancient floor rune.

Caption: Orbiting Sector Seven -- The Astral Laboratory.

Narration: A single slip of the hand is all it takes to shift the balance of the cosmos.

Dialogue: Whoa! Wait, no, no, no--!

Panel 2: The Portal Awakens

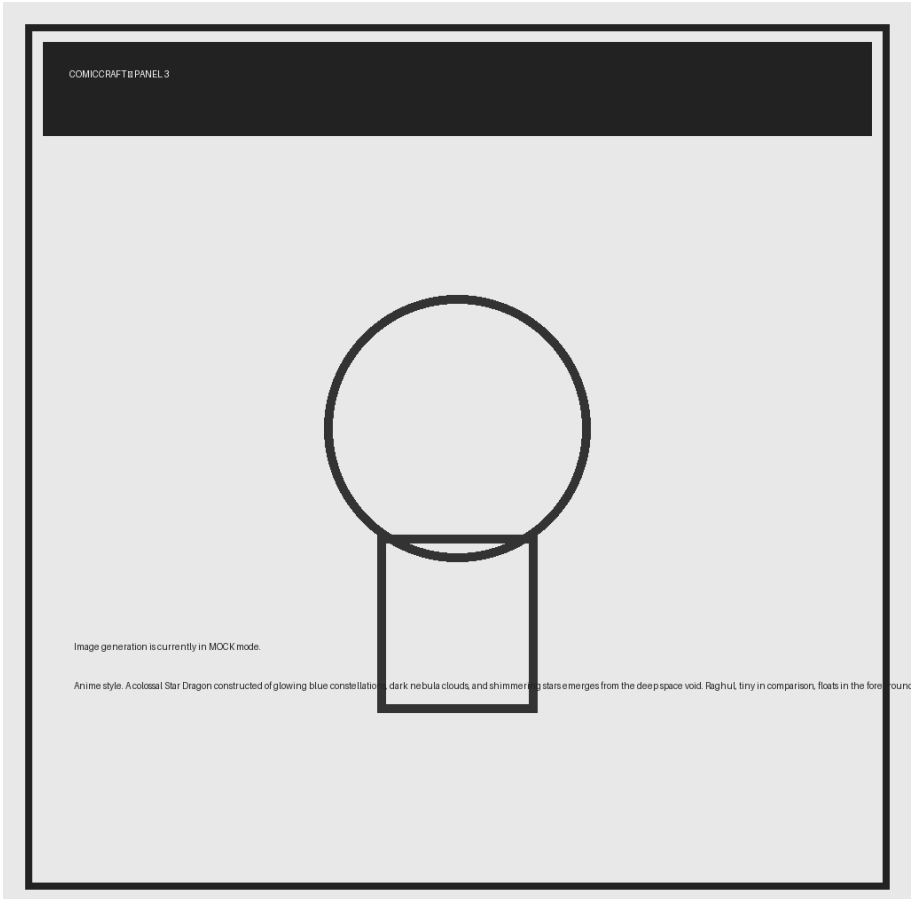

The rune erupts into a swirling vortex of starlight, pulling Raghul out of the workshop and into a brilliant pocket of open outer space.

Caption: Beyond the safety of the glass bulkheads.

Narration: Sucked through the floorboards, Raghul finds himself adrift in the boundless sea of stars.

Dialogue: I'm breathing... but where am I?!

Panel 3: Rise of the Star Dragon

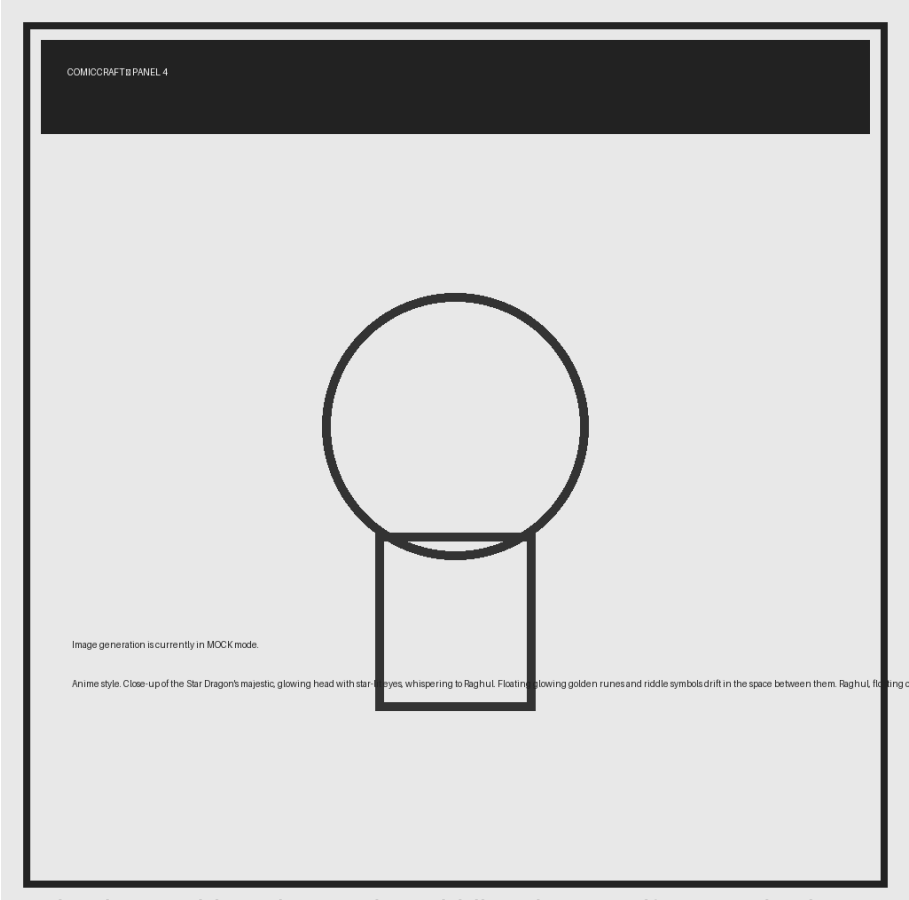

A massive, majestic dragon made of stardust and constellations materializes from the deep space void, looming over Raghul.

Caption: The deep void stirs with ancient life.

Narration: Before he can gather his wits, the fabric of the galaxy bends to reveal an unimaginable presence.

Dialogue: By the alchemy of old... Is that a Star Dragon?!

Panel 4: Riddle of the Cosmos

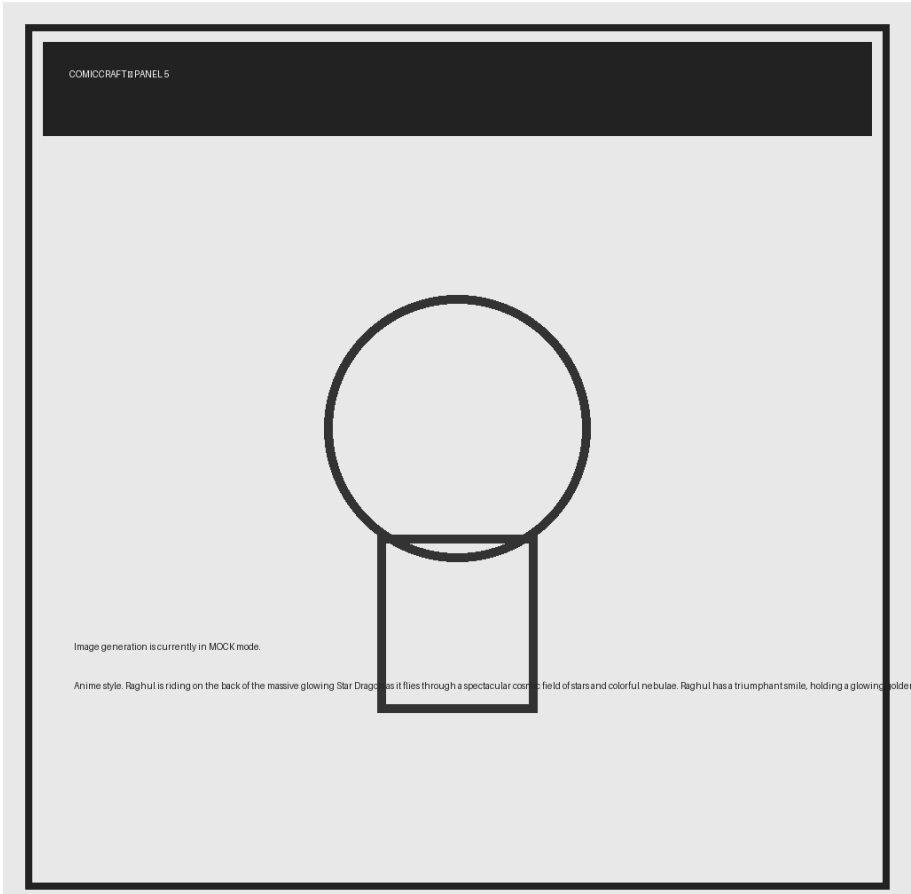

The Star Dragon leans in close, whispering ancient riddles that manifest as glowing, cryptic cosmic symbols in the air before Raghul.

Caption: The silent voice of the universe echoes in his mind.

Narration: The celestial beast demands proof of intellect from the unexpected visitor.

Dialogue: A riddle of light and matter? Let me check my formulas...

Panel 5: A New Journey

Raghul solves the riddle using his alchemy, and the dragon happily carries him off into the cosmic unknown on a new adventure.

Caption: The true adventure finally begins.

Narration: With the ancient puzzle solved, Raghul trades his dusty workshop for the infinite mysteries of the universe.

Dialogue: Hold on! Next stop, the edge of the galaxy!
